

Hot Cocoa Mix

INGREDIENTS

- 2 cups powdered sugar
- 1 cup unsweetened cocoa
- 2 1/2 cups non-dairy creamer
- 1 teaspoon salt
- 2 teaspoons cornstarch

DIRECTIONS :

1. Combine all ingredients in a mixing bowl and incorporate evenly.
2. To make cocoa: Use about 2 tablespoons of mix per 1 cup of hot milk. Top with marshmallows and whipped cream!!!!

Cocoa Bar - Cocoa is great just plain, but adding in some flavors can spice it up every once in a while. If you are having a family get together or a special party try setting up a cocoa bar with lots of toppings and delights to create your own mix of cocoa. Here are a few toppings and add in's that I love:

- A drop of vanilla, or almond extract or peppermint.
- A york mint patty or andes mints
- A dash of cinnamon
- Whipped Cream
- Caramels or Caramel drizzle
- Scoop of Ice-cream
- Hershey Kiss or Hug
- Peanut Butter Cups
- Chocolate or White Chocolate Chips
- Crushed graham crackers
